The "Tiny Tims" of a Great City.

There are thousands of them in New York. Bright, energetic little lads. Anxious for a chance to learn and earn. Hoping for something better when they grow older-and just waiting for a chance for a little real comfort and a little real training under the proper environment.

A great charity in the heart of a great man conceived the thought of a "Club for Boys" some years ago. At first, it was a room or two in a cellar now, a clean, white, five-story edifice, dedicated to the "Tiny Tims" of the city. Under its hospitable roof there are warmth and welcome and books and snug parlors, a gymnasium, baths, study halls . . . a moral atmosphere, calculated to bring out the best there is in a youngster. We want to broaden the scope of this great work and to accomplish this a sweep-

ing campaign is under way to raise \$500,000 by January 21st. We want your support. We want you to have a part in this great work of Building Better Boys. Will you help?
